Associate of Applied Science degree

Human Services

The Human Services program is designed to prepare students for employment opportunities in mental health centers, school systems, long-term and acute-care facilities, chemical dependency centers, and the centers for the developmentally disabled.

Students must complete the general education requirements, program requirements and choose at least one of the Human Service options to complete the two-year degree. Options available are the: 1) General Option, and 2) Addictions Option. Students who choose to complete both Human Services options will earn a Human Services AAS degree in each option.

CAREER OPTIONS:

- Child, Family and School Social Worker
- Social and Human Service Assistants
- Rehabilitation Counselor
- Health Services Manager
- Case Managers
- Addiction Counseling

HUMAN SERVICES ADDICTION OPTION

Associate of Applied Science

The addictions option is designed for those individuals wishing to work in the addictions field. The option is designed to prepare people to obtain their Certified Addictions Practitioner Assistant Certification (CAPA) from the State of Wyoming. People completing this option, and obtaining their CAPA would most likely work within inpatient or outpatient drug or alcohol treatment programs, detoxification centers, and drug court programs.
