## REFUND PROCEDURE

Students who have complied with established policies and procedures may be entitled to a refund of tuition and fees for credit classes from which they have withdrawn based upon the date of receipt of the appropriate forms in the Registration and Records Office.

Full tuition and fees will be refunded for all classes that students withdraw from prior to the time the class starts. After the class starts, there will be no refund of tuition and fees for classes that meet less than 14 calendar days. Refunds for these short courses must be requested prior to the close of business before the class begins; this will normally be 4 p.m. the day before the class begins or 4 p.m. the day the class begins, if the class begins after 4 p.m. For semester length classes and classes that meet over a period greater than 14 days, there will be a full refund of tuition and fees during the first 12 percent of class. This 12 percent date for refunds is printed for each course in the Schedule of Courses each semester.

Refunds are applicable for full-time students only when course drops result in a student credit load below full-time (12 credits). Refunds will be processed in a reasonable time period. No refunds will be processed for students who do not officially withdraw through the Registration and Records Office or online at www.cwc.edu. Any money due the college will be withheld before refunds are made.

Students may petition for an exception to the refund policies in extenuating circumstances by submitting a refund petition to the Registration and Records office. The Associate Vice-President of Administrative Services will act on the petitions, return them to the Registration and Records office, and the student will be notified of the results.

For students who have received scholarships, grants, or Title IV aid, all or a portion of the refund may be returned to the funding source. When students petition for refunds after the 12 percent date and refunds are approved, the refund will be considered for tuition only, not general or course fees.

Students enrolled in classes at the CWC centers in Dubois, Jackson, Lander, and at other outreach sites should check with the center coordinator or their faculty members about local deadlines and procedures.

The college reserves the right to withhold normal services to students until all financial obligations to the college are fulfilled.

## WITHDRAWAL FROM CLASSES

**CAUTION**
DROPPING CLASSES MAY AFFECT YOUR FINANCIAL AID!

If the student does not plan to attend the classes for which he/she has registered, **it is the student's responsibility to withdraw from those classes by the published last day to withdraw from semester length classes or the day before the last day of the class for non-semester length classes**. Students failing to withdraw by the above described dates are subject to failing grades and payment of all tuition and fees for the semester.

Return of Title IV Funds: Students who receive federal Title IV aid and who cease attending courses or officially withdraw from classes at CWC may be required to repay a portion of the federal aid they have received. The student earns his or her aid based on the period of time he or she remains enrolled. During the first 60 percent of the enrollment period for which assistance is awarded, a student is entitled to retain a percentage of their grant or loan assistance

*(continued on page 4)*

directly proportional to the percentage of the period of enrollment completed. If the day the student ceases to attend classes or officially withdraws occurs after the student has completed 60 percent of the enrollment period, the student is entitled to retain 100 percent of grant or loan assistance awarded for the enrollment period. Please see the Financial Aid Office or the CWC Catalog for more detailed information.

## ALTERNATE GRADING OPTIONS

Students may select alternative grading options as opposed to the standard letter grades of A, B, C, D or F. Students requesting a change from a letter grade to S/U or Audit must submit an Alternate Grading Option form to the Registration and Records Office by the published last day to withdraw from the class. Students requesting a change from S/U or Audit to a letter grade must submit a letter of recommendation from the course instructor, along with the appropriate form, to the Registration and Records Office by the last day to withdraw from the class. **Note: Changing a letter grade to an Audit may affect financial aid eligibility. Please check with the Financial Aid Office prior to submitting an Alternate Grading Option form to the Registration and Records Office.**

ACT or SAT scores may be used in lieu of COMPASS by providing a copy to the Registration and Records office. For more information or to schedule an appointment, contact the Testing Center at (307) 855-2298 or 1-800-735-8418 ext 2298 or an academic advisor at (307) 855-2270 or (307) 855-2223. Students should allow at least two (2) hours to take the test. If students want to complete the registration process the same day, they should keep in mind they must see an advisor, register and make payment arrangements prior to 4 p.m. An appointment may also be made to take COMPASS at any CWC outreach center by calling the center. Any unanswered calls will be returned as soon as possible; please leave a voice mail message including name and phone number.

There is no charge for taking the initial COMPASS test and students may retake any part of the COMPASS up to three times per semester. A $10 re-test fee is charged each time and is paid at the cashier window on the Riverton campus or at the outreach centers; a receipt will be issued which the student must present to the Testing Center Proctor.

## USING PLACEMENT TEST RESULTS

The table to the left shows course placement requirements based on COMPASS, ACT, and SAT scores. If a student has taken more than one test or the same test more than once, the highest score is used for placement. Students who need assistance with determining course placement should consult their advisor.
