An Important Note Regarding Name Changes and Access to your CWC E-Services

Your CWC e-services account username is based on your name at the time of your registration (student) and/or hire (staff). When you change your name, this does NOT change your CWC e-services username or password. If you decide you would like to also change your CWC e-services username, please contact the Chief Information Officer (or designee) so that s/he can discuss this with you and then schedule an appropriate time to make a username change with you.
