

**TRANSFER AGREEMENT
BETWEEN
CENTRAL WYOMING COLLEGE
AND
COLORADO MESA UNIVERSITY**

Central Wyoming College (CWC) and Colorado Mesa University (CMU) hereby enter into the following agreement to co-develop and adopt public policy statements governing transfer between Associate of Science (AS) degree with emphasis in Athletic Training offered at CWC and the Bachelor of Science in Athletic Training degree program offered at CMU. Course transfer acceptance determination is outlined in Section II. Students applying under this agreement will still need to meet minimum CMU application requirements and will follow all application procedures as outlined in the Colorado Mesa University catalog. Any additional requirements specific to the degree program here listed will be addressed in the agreement. All CMU academic policies will apply.

SECTION I: ADMISSIONS CRITERIA AND PROCEDURES

A. CMU admission standards and criteria

Applicants who apply for the CMU Baccalaureate major as outlined in this agreement must have completed or be in the last year of the CWC Associate of Science (AS) degree and must have followed the CWC degree/graduation plan included as Appendix A. A maximum of one (1) qualified transfer student will be guaranteed admission each year provided application packets are received by December 1. Additional qualified students will be considered for admission among the pool of candidates comprised of current CMU students and transfers from other institutions.

1. Admission to CMU is not the same as admission to the Athletic Training Program. A separate application form is required for the Athletic Training Program.
 - a. To assure consideration for guaranteed admission into the Athletic Training Program, the completed program application packet must be received by the program director no later than December 1. Current Athletic Training Program application packets will be available on the Athletic Training Program website <http://www.coloradomesa.edu/kinesiology/athtrainprog.html>
 - b. Application packets received after December 1 will be considered on a space available basis.
 - c. All applicants must complete a satisfactory interview, either in-person, by phone or via Skype, with members of the athletic training faculty prior to selection for admission.
 - d. Accepted applicants must be available to begin matriculating in the Athletic Training Program the first Monday of July the following year.
2. Applicants who have not followed the AS program as it appears in Appendix A and/or have not been awarded the AS degree are not covered under this agreement.
3. Once accepted into the baccalaureate program, students must receive a grade of "C" or better in all major courses with an overall 2.75 GPA in major courses. Also a minimum 2.0 GPA is required for the entire program to earn the degree.

B. Treatment of GPA earned and CWC

The letter grades on courses from CWC accepted for transfer by CMU will appear on the Colorado Mesa transcript as transfer courses. The grade point average earned at CWC shall be used solely

for the purpose of admission to CMU and to the baccalaureate program. Only grades and credits awarded at CMU will be used in calculating a student's GPA for graduation.

- C. Admission of CWC students with prior transfer credits
Use by CWC of credit hours earned at a school other than CWC will not affect the admissibility of the student with the completed AS degree. Usage of these courses at CMU may fall under conditions depicted in Section II of this agreement and may be reviewed on a course-by-course basis.

SECTION II: TRANSFER OF CREDIT

- A. Admissibility of prior transfer credit courses
Students who receive the AS degree from CWC but fulfilled some of the credit hours at another institution are subject to the following conditions:
1. Transfer courses accepted by CWC toward general education must be from a regionally accredited institution.
 2. CMU reserves the right to evaluate on a course-by-course basis any CWC-accepted transfer courses for use towards portions of the baccalaureate degree requirements.
- B. CMU treatment of AP exams, CLEP Scores and other non-traditional credit in transfer
Non-traditional credits awarded by CWC may include high school Advanced Placement (AP) exams, College Level Examination Program (CLEP) subject examinations and military credit. Credit awarded by CWC through these means must follow CMU established non-traditional credit policies before receiving credit towards the baccalaureate degree. The total combination of any non-traditional credit toward any CMU baccalaureate degree cannot exceed 30 semester credits.
- C. Number of credit hours accepted in transfer by CMU
A minimum of fifty-nine (59) semester credit hours will be accepted under this agreement when the student has followed the CWC program as it appears in Appendix A and been awarded the AS degree. Students will need to complete the number of credit hours shown in the tables in Appendix B
1. Students who may have taken CWC courses that did not apply to the AS degree program may request that courses be considered on a course-by-course basis. Lower division transfer courses can be considered for students who declare a minor.
 2. All courses considered for transfer must have been awarded a minimum letter grade of "C" or better.

SECTION III: DEGREE/PROGRAM REQUIREMENTS

- A. CMU policies governing General Education, Kinesiology and other Lower Division requirements
1. All baccalaureate level degrees at CMU require a minimum of 31 semester credit hours of General Education distributed in seven (7) areas as determined by the Colorado Commission of Higher Education
 2. The kinesiology graduation requirement consists of three (3) one-credit hour courses and is required in all baccalaureate degree programs.
 3. Other Lower Division requirements consists of one three (3) credit hour courses as is required in all baccalaureate degree programs.

- B. CMU requirements for the Bachelor of Science in Athletic Training degree program
Full requirements for this degree program are contained in the Tables in Appendix B or refer to the "Athletic Training Program Sheet" link at:

<http://www.coloradomesa.edu/kinesiology/athtrainprog.html>

- C. Special considerations and uses of CWC courses by CMU towards the Bachelor of Science in Athletic Training degree program.

CWC courses will be transferred as substituting for the CMU courses according to Appendix B.

SECTION IV: INSTITUTIONAL RESPONSIBILITIES

- A. Term of articulation agreement
This articulation agreement shall become effective August 1, 2014 and remains for a period of five (5) years or until such time as institutional policies require modification of the agreement
