

# Wyoming's Future of Learning is pleased to invite all WY districts to the **RIDE Student-Centered Learning Statewide Celebration of Learning**

## What is the opportunity?

We are inviting all Wyoming school districts to participate in a special opportunity to celebrate the transformation and learning taking place in districts across the state in Year 1 of the RIDE Student-Centered Learning Pilots.

This unique convening will foster **celebration, conversation, and collaboration** around shifts in learning, practices, and policies that support a more student-centered approach in Wyoming's K-12 schools.

## Who is invited?

We encourage all Wyoming districts to attend this free event by sending teams of district, building, and teacher leaders, as well as school board members. The day will feature presentations from each of the 9 Y1 pilot districts, inspiring contributions from students and teachers from across the state, as well as opportunities to connect and learn from Wyoming colleagues and policymakers.

## When and Where?

- May 3rd, 9:00am-3:30pm
- Central Wyoming Community College (Riverton, WY)
- Please complete [this brief registration form](#) before April 1, 2024

## We hope you'll join us!

# RIDE Student-Centered Learning Statewide Celebration of Learning

## Draft Event Highlights

### District Celebrations of Learning (Morning)

- **Listen & learn** as the RIDE Pilot Districts share their journey over the past year. Gather to celebrate successes, challenges, the impact on students, and where they are headed next!
- **Celebrate** the voices of Wyoming students as they take an active role throughout the event
- **Be inspired** by the work of educators from across the state as you reimagine what's possible in your classrooms, schools and districts.

### Student-Centered Practices Breakout Sessions (Afternoon)

- **Leading Change:** How can both dispositional and positional leaders cultivate and support shifts to more student-centered learning ecosystems?
- **Share & Exchange:** Share & exchange ideas, resources, lessons, and tasks with other educators from across Wyoming.
- **Over, Around, and Through:** Navigating problems of practice and removing roadblocks in the classroom, school, district, and community to support shifts to more student-centered learning ecosystems.
- **Listening to our Learners:** What happens when we put learners in the driver's seat? Come listen and learn with students from across the state!

### Student-Centered Partnership Sessions (Afternoon)

- **Policy to Support Student-Centered Systems:** Learn how the the pilot is shaping, informing, and clarifying policy, rules, & regulations to support student-centered learning. Hear from the WY Future of Learning Partnership what is already possible and what is developing.
- **Wyoming Partnerships:** Breakout sessions from partner organizations across the state to better understand how they can support your classrooms and communities. *(including WY Game & Fish, WY Afterschool Alliance, and others)*
