## FAMILY SIZE FOR INDEPENDENT STUDENTS

**Family size includes the following family members:**

- The student
- The student's spouse, if applicable
- The student's dependent children if all of the following are true:
  - They live with the student (or live apart because of college enrollment);
  - They receive more than half of their support from the student and their spouse (if the student is married); and
  - They will continue to receive more than half of their support from the student and their spouse (if the student is married) during the award year (July 1, 2026 - June 30, 2027)
- Other persons if the following are true:
  - They live with the student;
  - They receive more than half of their support from the student and their spouse (if the student is married); and
  - They will continue to receive more than half of their support from the student and their spouse (if the student is married) during the award year (July 1, 2026 - June 30, 2027)

The provided criteria for “dependent children” or “other persons” mirror the requirement that family size align with those the student and their spouse (if student is married) could claim as a dependent on a U.S. tax return if the student and their spouse (if the student is married) were to file a U.S tax return at the time of completing the 2026-2027 FAFSA. As a result, the student should not include any unborn children in the family size. If more space is needed, provide a separate page with the student’s name and ID number at the top.
